

2nd Annual HELP HAYDEN HEAL 5K RUN/WALK

Hi, it's Hayden! We are going to be having another Run this year in efforts to reach the goal for my liver transplant. Since the last run, I have been very lucky and had other surgeries to keep my body going while I am waiting. I'm trying to stay as strong and healthy as I can to do things that other kids do. Please come out again this year and run for me. 100% of the proceeds go toward my transplant, medicine, and medical care.
